LOW MAINTENANCE

HIGH PERFORMANCE

LONG LASTING

UPLUS INVMAGIC tubular batteries are manufactured with the state-of-art manufacturing facilities suitable to Indian conditions. These batteries are assembled in PPCP containers with tubular plates made with special alloy for minimal gas generation during service. Microporous ceramic vent plugs minimise water loss there by reducing frequent topping of distilled water. Resistance to corrosion and high ambient temperature, low self-discharge and deep cycle design ideal for homes, offices and business centres.

FEATURES

- Tubular plate design for superior performance and durability.
- High purity, low antimony special spine alloy to ensure longer service life.
- Separator with glass mat, high porosity.
- Extra-long life design and low maintenance.
